

Contract Review	Response	Free text
<b>Company Information</b>		
Is Company active in the system?		
<b>Contract Information</b>		
Contract or Amendment?		
<p>Are you amending an existing contract?  <i>Use current date as contract start date in CMS and in amendment document . Not date of original contract.</i></p> <p>Are you amending an existing payable contract?  <u>Only</u> add the difference from the original payable amount to the newest funds needed.</p> <p>Does contract require contact information within the document?  <i>Yes, please include those direct names. Example: AP contact, Department contact, etc...</i></p> <p>If using a Standard University of Tennessee agreement, please refer to the Procurement Services site for the latest version.</p> <p>If contract requires changes, who is the point of contact?  <i>Contracts Campus Officer is general POC. If department has a specific POC request, please make note of this in the Contract Description or contact the Contracts Office directly.</i></p>		
<b>PURCHASING</b>		
<b>Master Agreement</b>		
<p>Does University have a Master Agreement with vendor?  <i>Please refer to Purchasing Agreements on the Procurement Services website.</i></p> <p>Does Master Agreement cover services in the contract?  <i>Please submit a framework order. Separate contract is not required.</i></p> <p>If services are not covered by Master Agreement, did vendor provide a contract?  <i>Yes, please entry contract and supporting documents in CMS.</i></p>		
<b>Non-Competitive Justification</b>		
<p>Does your contract require an NCJ?  <i>Attach completed and signed.</i></p> <p>Provide a descriptive explanation to justify the contract. Unsupported information may delay review and approvals.</p>		
<b>Purchase Order</b>		
<p>Does company require a Purchase Order with contract?  <i>Yes. Mark "vendor requires a PO in contract entry".</i></p>		
<b>Software</b>		
<p>Will company invoice university?  New or existing software?  How will software be used?  <i>Brief description how the department will use the software.</i></p> <p>Is the software cloud based?  Who will use the software? (faculty, staff, students, walk-ins)  What type of data is being exchanged? (sensitive or student data)</p> <p>Did company provide a contract?</p> <p>Are there terms posted on their website you must accept?  <i>Please download and attach with contract entry.  Please do not attach website links.</i></p>
